SCHOOL OVERVIEW

At ACORN Community High school we prepare our students to become leaders of the 21st Century. We believe that through real-world, rigorous, and collaborative educational experiences our students are prepared to embark on their college and career journey. ACHS believes in educating the whole child, by providing small nurturing learning communities that are specific to our students’ needs. Our students’ lives matter and we work tirelessly to facilitate their progress even beyond graduating from ACHS. As we empower our scholars to transform, “Success is the only option!”

SCHOOL OVERVIEW

For nearly a century, we have been a leader in NYC education. Lincoln alumni have gone on to great success. Through our partnership with Johns Hopkins University, we offer Small Learning Communities (SLCs) such that students get individualized attention with access to the resources and facilities of a large comprehensive high school. The first two years are dedicated to socio-emotional development and meeting high school graduation requirements while 11th and 12th grades are devoted to college and career readiness. Our extensive elective course offerings, including Advanced Placement (AP) and CUNY College Now classes, empower our academic achievers to complete up to a year of college credit before graduation.

10 10th Grade Seats Also Offered

SCHOOL OVERVIEW

This is a small school with a supportive culture. We prepare students with knowledge, skills, confidence, and motivation. We prepare students for college by developing critical thinking, problem solving, collaboration, and real world applications. Through our partnerships with Cornell University and Brooklyn College, we provide a rigorous curriculum emphasizing the sciences and the environment, internship opportunities, and numerous Advanced Placement (AP) courses. Through environmental field experiences, engaging course work, and a small, supportive school culture our students are empowered to succeed in their future endeavors.

SCHOOL OVERVIEW

We are a small, innovative learning community with a collaborative approach to teaching and learning that seeks to empower students to become responsible leaders. We strive to make students part of a global response to preserving our environment. Every student is held to the highest standards and has constant opportunities for intellectual engagement. All students are expected to be college- and career-ready prior to graduation. We welcome parental involvement, which is essential to the success of our school. Our instructional focus is on reading and writing across all content areas. All students are expected to take a math and science course each semester. Our teachers use technology to engage our students and apply learning to the world.

ACADEMICS

- Sustainable Urban Farming Class as a tool in supporting the health of social, economic, ecological, and environmental systems
- Grow, process, and distribute food within a whole-systems framework

SCHOOL OVERVIEW

We are a small learning community where excellent teaching, close relationships, and high expectations lead students to college and careers. We create a calm, respectful learning environment. We ensure that all students learn to be members of our school community. Classes are student-centered and project-based, with a heavy focus on building skills in the following areas of communication: writing, presentation, and self-expression through the arts. Participation in an Advisory program allows students to develop close relationships with peers and teachers, undergo personal growth, and embark on college trips starting in the ninth grade. We seek parents and students who are interested in belonging to and shaping a close-knit school community.

ACADEMICS

- Academic Portfolio for Assessment
- Advisory with community service trips, Writing in each class, Partnership with Urban Word NYC (students write and publish a book yearly)
- Creative Writing, Journalism, Art Electives, Senior Internships, CUNY College Now, Partnership with East Brooklyn Congregations
- Exhibition-Based Academic program (grades primarily based on student exhibitions/projects), Career and College Exploration

SCHOOL OVERVIEW

Students at the Academy of Urban Planning use their leadership abilities to achieve academic success. We forge a lasting spirit of community where students, parents, and guardians are welcome, teachers and staff work collaboratively, and all are engaged as partners to provide an exemplary education for our students. We provide students with the academic and social tools they need to pursue goals by stimulating their interests in learning, discovery, and self-expression. The urban planning theme-based curriculum takes students out of the classroom and into their communities to develop skills that will move them toward higher education and careers, while at the same time tapping into their innate curiosity towards the world around them.

10th Grade Seats Also Offered

Program Description: Participation in AP courses will prepare students to enter college programs in medicine, teaching, engineering, and technology.

SCHOOL OVERVIEW

We are an innovative small high school that prepares students to be active citizens, lifelong independent learners, and confident, cooperative, and creative thinkers. Our school is not just a place for visual artists, but for students who want to showcase their ideas to the world. Our focus on literacy, the arts, media, and research will help students to think critically about their world and prepare them for future life challenges. At our school, students will learn the value of hard work and perseverance while figuring out new and innovative ways of making the world run more smoothly.

ACADEMICS

SCHOOL OVERVIEW

Our mission is to provide a comprehensive course of study that will actively engage students in acquiring the knowledge and skills necessary to adapt to a multicultural, scientific, and technological society. Students draw upon community resources in preparation for the world of higher education and work. Our graduates will be socially responsible, lifelong learners prepared to promote all aspects of community development as they meet the challenges of the future.

SCHOOL OVERVIEW

We are The Pride and Joy of Bed-Stuy! With effective instruction, along with a welcoming learning environment, we are committed to developing young citizens who are prepared socially and academically for the 21st century. We are organized into four Small Learning Communities – Law, Business & Technology, Entertainment Arts, and Freshman Prep. Our Small Learning Communities are aligned with our belief that children enjoy learning with curricula that are relevant, differentiated, and speak directly to their interests. A CARE Center was created to provide wrap-around services to meet our students’ needs. Students are also provided with CTE opportunities.

SCHOOL OVERVIEW

The mission of The Brooklyn Academy of Global Finance (BAGF) is to prepare students, both for post-secondary education and to compete in the global economy through academic rigor, financial literacy, awareness of global economic and cultural diversity, and exposure to the corporate world. Students gain knowledge of the financial industry through field trips, job shadowing and internships. BAGF provides an academically challenging environment in which students experience real-world applications of their learning through internships and interactions with partners in business and financial services industries.

ACADEMICS

- CTE program(s) in: Business, Management & Administration
- National Academy of Finance: industry-approved curriculum which includes job-shadowing, guest speakers, internships, and career planning
- Deloitte Consulting provides a Career-Readiness Program for our Ninth-Grade Class
- Label X Educational Initiative: music professionals introduce students to the industry to create viral marketing, a mixed song, and edited music video

SCHOOL OVERVIEW

Brooklyn Academy of Science and the Environment (BASE) is a small Brooklyn New Century High School. Our mission is to create an active learning community that addresses the needs of young people while embracing environmental science, environmental justice, urban ecology, and scientific research. We use the resources of three campuses (Prospect Park, Brooklyn Botanic Garden, and the Prospect Heights Educational Campus) to create a school that is engaging, academically challenging, and personally meaningful to our students, their parents, faculty and administration, collaborating organizations, and the wider community.

10 10th Grade Seats Also Offered

ACADEMICS

- Field Studies for ninth graders allows students to leave the classroom once per week to conduct science research at the Brooklyn Botanic Garden.
- After-School tutoring on Tues. and Thurs., Saturday Regents Prep, and credit recovery once per month on Wednesday afternoons offer additional support.
- Electives include: Computer Science, Science Research, Earth Science, Geology and Animal Behavior. AP Computer Science will begin in 2016-2017.
- Students can enroll in college courses through CUNY College Now at nearby Medgar Evers College. College trips and SAT Prep classes are offered.
- Internships and paid positions available at Brooklyn Botanic Garden, Prospect Park, Nature Conservancy, and the Brooklyn Museum.

English Language Learner Programs: English as a New Language

SCHOOL OVERVIEW

As an Early College High School, our unique, successful collaboration with Brooklyn College enables highly motivated students with diverse backgrounds and interests to move from ninth to twelfth grade within a challenging academic atmosphere. We encourage our students to function independently in educational settings outside the school building and in a college campus environment. We are a collaborative community of leaders and learners whose learning environment is characterized by equity and excellence.

SCHOOL OVERVIEW

Our staff mentors students before, during, and after school. Students have a voice here and become lifelong learners. A strong school community equally committed to these ideals supports our students. BC is committed to developing well-rounded individuals. We offer college courses and specialize in college tours; a typical BC student will have visited 12-15 colleges by senior year. We have an outstanding after-school program with varied activities including AA basketball programs for girls and boys. Many of our students have earned academic or athletic scholarships to college. BC is a place where friends are made for life and where graduates know they will always be welcomed back home. We are “The Home of Urban Scholars.”

Students will use Microsoft Office programs to create and present information in a variety of forms. Students will learn how to create and edit videos, write screen plays and scripts, and to speak and present themselves to various audiences.

SCHOOL OVERVIEW

Our motto is ‘academic, artistic, and professional preparation for the 21st Century.’ Students achieve best when learning is applied to research, experimentation, creativity, and projects. Students participate in a four-year college preparatory academic curriculum, AP courses, many college partnerships, and present a college preparatory portfolio at the end of each school year. Students study visual arts and filmmaking and complete 4 years of special arts topics seminars. Many enroll in BCAM visual, performing, and media arts. Our Advisory-Family program provides support and creates a strong peer community. Through student-centered learning and strong relationships, we nurture students’ development and help them reach their potential.

Admissions Priorities: 1 Open to New York City residents

SCHOOL OVERVIEW

Brooklyn Frontiers High School serves entering ninth grade students who have fallen behind their peers by two or more years. We offer a personalized educational experience for students, recognizing the unique strengths and needs of each individual. The academic program is designed to challenge each learner and is implemented in a supportive environment that emphasizes the value of critical thinking skills, personal relationships, and student self-advocacy. We are committed to ensuring that students stretch their goals beyond graduation and gain the skills and self-confidence to successfully transition to college and careers.

Eligibility: Open only to 15-16 year-old New York City residents entering high school for the first time. Students must have a record of being held back two times in elementary and/or middle school.

ACADEMICS

- Partnership with Good Shepherd Services: coaches for students to create personalized academic plans and guidance
- Online Courses
- Electives are project-based, allowing students to learn in real-world situations
- Paid Learning to Work Internships

Selection Criteria: Students must attend an Open House and personalized intake meeting.

SCHOOL OVERVIEW

This school invites students and families to a four-year conversation to ensure they graduate with competence and confidence. Our students receive intensive, small group instruction on a daily basis and complete projects that connect learning to life. Brooklyn Generation School students benefit from our month-long College and Career Intensives, with dedicated time to focus on the college process and career exploration. Our teachers continually monitor and assess each student’s progress and keep parents informed of their child’s academic strengths and challenges. Our liberal arts curriculum provides students with the skills, knowledge, and experience needed to become active and productive members of their community.

10 10th Grade Seats Also Offered

ACADEMICS

- Foundation courses prepare students for state-mandated Regents and success beyond high school

SCHOOL OVERVIEW

The Brooklyn Institute for Liberal Arts (BILA) is an ideal school for students who want the best academic foundation to prepare them for college. We have challenging interactive classes, online classes, and the opportunity for students to succeed in a supportive, friendly, and energetic community. We encourage and celebrate student voice, mentor students who then mentor others, and develop student leaders. Monthly trips are part of a curriculum that allows students to see, learn about, and truly participate in this ever-changing world. Students with a love for technology will flourish in this Mac-based iZone school, with a variety of electives to suit individual student choice. At BILA, we “Believe, Inquire, Learn and Achieve” every day.

SCHOOL OVERVIEW

Brooklyn International helps English Language Learners develop language, intellectual, and collaborative abilities so that they may become active participants in today’s world. Students work collaboratively on interdisciplinary projects that they present to community members. To ensure our goal of college and career readiness, students complete internships in 11th grade, gaining real-world work experience, and exploring career paths. With access to a computer lab, digital fabrication lab, and one-to-one laptop program, graduates leave with the skills necessary to succeed in our rapidly evolving world. Finally, students’ native languages and cultures are an asset to our school; we are proud to honor them, and to learn from and about them.

- Performance Assessment School
- School for New Arrivals

Eligibility: Open only to New York City residents living in the United States four years or fewer who are English Language Learners per New York City Department of Education guidelines scoring at the Entering, Emerging or Transitioning levels on the NYSESLAT, NYSITELL, or LAB-R.

SCHOOL OVERVIEW

We are a small learning community that believes all students can learn to design their lives, build the dreams that are within them, be passionate lifelong learners, and more positively affect the world around them. We are committed to designing and building meaningful, challenging classes and projects that are framed by small class size, close relationships, and high expectations. Our students will be well-known throughout their time in our school and supported by our advisory program. We believe that with the right supports, expectations, and culture, all students can succeed.

SCHOOL OVERVIEW

Modeled after the prestigious Boston Latin school and founded in 2006, The Brooklyn Latin School provides a liberal arts curriculum, with an emphasis on the Classics and Latin language instruction. Early instruction emphasizes the acquisition of core knowledge of the key academic disciplines which students use as a foundation for deeper exploration in the upper grades. Widely regarded around the world as the most rigorous and comprehensive course of study at the high school level, the International Baccalaureate (IB) Programme is integral to our curriculum. In all classes, students experience a strong and consistent emphasis on analytical thinking, and structured writing, and public speaking, preparing them for the challenges of college work.

 Specialized High School

ACADEMICS

- IB Programme: extended independent essay, on a subject of choice, the completion of which correlates closely to college-level research writing
- 150 hours of Creativity, Action, and Service (CAS), which may include volunteering or engaging meaningfully with the community outside of TBLS

English Language Learner Programs: English as a New Language

Language Courses: Greek, Latin, Spanish

ACTIVITIES

The Latineer School Newspaper, Garden Club, Certamen (Latin Competition), Saltare (Dance), Drama, Global Awareness, Law Club, Legati, Math Team, Model UN, Moot Court, Muslim Student Association, National Honor Society, Outdoors Club, Peer Mediation, Photography, Public Declamation, Science Olympiad, Stoked Skateboarding, Student Senate, Studio Art, Viajeros, Yearbook

Program Description: Admission to this Specialized High School is based solely on the score obtained on the Specialized High Schools Admissions Test (SHSAT). Students should speak to their guidance counselors in the Fall to register for the SHSAT.

SCHOOL OVERVIEW

We are a small, college preparatory learning environment where academic rigor is accompanied by academic and affective support. Our mission is to ensure that all students develop the knowledge, skills, and habits of mind and work to succeed in a challenging college program and a rewarding career. Our math and science classes focus on real-world themes and problems that expand students’ understanding of the world around them; the English and social studies curriculum emphasizes articulating complex ideas and arguments in writing and speaking. Our arts program integrates traditional art practices with technology while connecting students to the artistic community in Williamsburg.

10 10th Grade Seats Also Offered

ACADEMICS

- Academic Portfolio for assessment
- Intensive college and career planning beginning in the ninth grade, including partnerships with external organizations
- Small-group Advisories; CUNY College Now; Electives such as Psychology, Drama, Creative Writing, Web Design, 3-D Art, and SAT Prep
- Students also prepare and present a portfolio each semester highlighting and reflecting on some of their best work
- We build community and relationships through restorative justice practices, small class sizes, and various leadership opportunities.

SCHOOL OVERVIEW

Brooklyn School for Math and Research wants each of its graduates to make significant contributions to the world. To make that happen, we provide our students with the support and training they need to master mathematics and research. We use math to develop a framework for understanding the world around us and we use research to validate our theories about how the world works. Every student develops competence, confidence, and critical thinking skills—tools that drive their success in college, university, and careers.

10 10th Grade Seats Also Offered

ACADEMICS

- Advisory, three periods of math
- Financial research paper capstone project aligned to college-level research writing
- Special programs include SAT prep courses, free college credit courses at CUNY City Tech through CUNY College Now, College Summit

SCHOOL OVERVIEW

Brooklyn Studio Secondary School believes that all students are capable of being strategic learners. We believe in teaching students how to learn. Our school community works tirelessly to achieve this through a curriculum that challenges and supports all of our students through individualized learning. Although considered a small school, we pride ourselves on offering programs comparable to a large school. Our students have the opportunity to take numerous electives, including Advanced Placement (AP) courses and CUNY College Now. Additionally, students can participate in extracurricular activities including clubs, performance ensembles, and athletic teams.

SCHOOL OVERVIEW

Bushwick Leaders High School for Academic Excellence is a collaboration between East Brooklyn Congregations, the Department of Education, and community educators and leaders. It provides a quality education to students in the Bushwick community by building relationships among parents, teachers, and students in a nurturing environment where students learn by doing. Students explore career opportunities through community service, college trips, a corporate mentoring program, and an integrated arts program. With a focus on a challenging academic curriculum, all students are prepared for work and college. As a result of our programming, students receive maximum instructional time as well as the opportunity for extra help in all subject areas.

Program Description: A challenging program with emphasis on addressing social justice issues around our community and the nation.

SCHOOL OVERVIEW

Each member of our community accepts responsibility for the learning, academic achievement, and social and cultural development of all students. We are a CTE Early College school under the 9–14 P-Tech model that prepares our students for college and careers in Construction Management, Civil Engineering Technology, and Architectural Technology. Students take courses that are developed and co-taught by college professors at CUNY’s New York City College of Technology (City Tech) and participate in internship opportunities. After meeting college-ready benchmarks, our students attend City Tech at no cost to earn an Associate Degree in Construction Management, Civil Engineering Technology, or Architectural Technology.

SCHOOL OVERVIEW

CHCP is a community built on high expectations for instruction with a well-structured and adaptive curriculum to meet the social and emotional needs of scholars. Students’ voices, rigorous instruction, and collaboration with all stakeholders creates a safe, nurturing environment that fosters scholars’ civic and academic excellence. Collaboration amongst CHCP’s educators, parents, and community groups supports learning so that scholars stay engaged, stay in school longer, and enjoy their school experience. CHCP is a small learning community where scholars are known as individuals and receive a personalized education based on inquiry, problem solving, and reflection.

- Course Grades: English (65-100), Math (55-100), Social Studies (60-100), Science (55-100)
- Standardized Test Scores: English Language Arts (1.8-4.5), Math (1.6-4.5)
- Attendance and Punctuality

SCHOOL OVERVIEW

Our school has a performing and visual arts program that serves a diverse population through a comprehensive range of academic and supportive curricula. We offer a nurturing and supportive academic learning environment. Dr. Susan S. McKinney Secondary School of the Arts is a part of the first cohort recognized in New York City as a Nationally Certified Advancement Via Individual Determination (AVID) school. To ensure that students are College and Career Ready, we have implemented iLearn courses to aid under-credited students in fulfilling their credit requirements. Based on our work with School Time Labs, we have programmed a College and Career Readiness course for all high school students with goal extending to grades six through eight.

SCHOOL OVERVIEW

EBC High School for Public Service – Bushwick is a small school focused on individual excellence, high academic standards, and service to the community. We have an educational culture that instills respect, self-discipline, and strong intellectual values. At EBC, students are offered the opportunity to serve their community and are supported by our staff through an advisory program. Students, staff, and parents/guardians thrive in a school that values personalization in education and prepares students for college and life after high school while nurturing and empowering students to serve as tomorrow’s leaders today!

SCHOOL OVERVIEW

We are a grade 6 through 12 school that develops young men to be critical thinkers and active citizens who embody our Five Eagle Pillars: Commitment to Excellence, Resilience, Confidence, Leadership, and Effort. Our scholars follow individual schedules. We offer a range of courses, extracurriculars, and extended learning opportunities. Our teachers understand and embrace the challenges of teaching our unique population and take strategic risks grounded in research-based practices. Eagle is more than a school: we are a family dedicated to ensuring that all of our young men reach their full potential as globally conscious and competitive Eagle Scholars.

SCHOOL OVERVIEW

Our educational philosophy is based upon the growth of kindness, curiosity, and critical thinking, traits necessary for achievement in higher education, the professional world, and one’s personal life. Ninety-minute periods, average class size of twenty one, and a dedicated group of teachers create a learning experience that motivates and challenges our students. We offer an accelerated Regents program that provides students the opportunity to complete all required Regents exams by the end of sophomore year. Many of our students choose to complete Advanced Regents diplomas, advanced coursework, and examinations that better prepare them for a college education upon graduation.

ACADEMICS

- Saturday Academy and PM School (provide students with test prep); Tutorial, Credit Recovery, Art
- Instrumental Music, Chorus, Drama, CUNY College Now
- Students have the opportunity to complete a foreign language sequence that will lead to an Advanced Regents diploma

English Language Learner Programs: English as a New Language

SCHOOL OVERVIEW

We are a small, innovative learning community that promotes comprehensive academic excellence for all students while inspiring and nurturing leadership for peace and justice. Our state-of-the-art facility allows for a creative and intellectually challenging environment where every student thrives. Our project-based curriculum is designed to prepare students to be active citizens and independent thinkers who share a passion for transforming their communities and the world into a better place. Our trimester system allows students to complete most of their high school credits by the 11th grade, opening opportunities for exciting internships and college courses during the school day in the 12th grade.

Selection Criteria:

- Initial Filter: 80% Attendance
- Demonstrated Interest: School Visit

SCHOOL OVERVIEW

Leaders High School provides students with innovative curricula and hands-on learning experiences. Instead of high stakes tests, our students complete Performance-Based Assessment Tasks (PBATs). These in-depth, analytical papers require extensive reading, writing, research, and revision. We foster a strong college-going culture by providing a full-time counselor, offering a college/career elective to seniors, and celebrating during our annual college march. Students join a crew, a small class where they receive academic support, develop character, and reflect on growth. Through these experiences, students learn to embody our four core values of leading, learning, contributing, and exploring.

Performance Assessment School

ACADEMICS

- Performance-Based Assessment Tasks (PBATs) instead of standardized tests (except for the Common Core English exam) fulfill graduation requirements.
- Standards-based grading tracks students' progress, and their grades reflect growth over a semester rather than a one-time, all-or-nothing score.
- Leaders provides a full-time college counselor, our college/career course for juniors and seniors, and a chance to celebrate at our College March.
- Student-led conferences (SLCs) allow students to present their strengths, growth areas, and goals and take the lead in their own learning.
- During Intensives regular classes are suspended and students sign up to explore a topic in-depth with visits from experts and fieldwork in the city.

English Language Learner Programs: English as a New Language

Language Courses: Spanish

Advanced Placement (AP) Courses: Calculus

ACTIVITIES

Clubs vary from year to year based on student interest, but past offerings have included Anime Club, Art Studio, Chess Club, College Start, Peer Mediators, Peer Mentors, Photography, Poetry, SAT Prep, Science Club, Student Government, Theater, Video Games, and Yearbook. In addition, students can compete for Lafayette Campus' PSAL sports teams.

PSAL Sports—Boys: Baseball, Basketball, Bowling, Cross Country, Football, Handball, Indoor Track, Outdoor Track, Soccer, Tennis, Volleyball, Wrestling

PSAL Sports—Girls: Badminton, Basketball, Bowling, Flag Football, Soccer, Softball, Table Tennis, Volleyball

PSAL Sports—Coed: Cricket

School Sports: Cross Country, Rock Climbing, Yoga; other sports based on student interest

Program Description: Interdisciplinary college and career preparatory program using hands-on, project-based learning to develop leadership and scholarship.

SCHOOL OVERVIEW

We work in collaboration with the New York City Fire Department to offer an exceptional education that introduces the benefits of the Fire and Emergency Medical Services (EMS). Upon passing the New York State EMS Certification Exam in the 12th grade, our students can roll into a full-time position with the FDNY. Students also understand the benefits of a career in civil service and are prepared to pursue a post-secondary education as they enter their young adult lives. Our students will study courses dealing with biology, life-saving skills, human anatomy, fire science, extinguishing agents and their chemical make-up, and official procedures for becoming a NYC firefighter. Our graduates go on to work as EMTs and firefighters for the FDNY.

ACADEMICS

- CTE program(s) in: Health Science
- Introduces the occupational benefits of the Fire and Emergency Medical Services (EMS)
- New York State EMS Certification Exam
- Biology, life-saving skills, human anatomy, fire science, extinguishing agents and their chemical make-up
- Students learn official procedures for becoming a NYC firefighter

SCHOOL OVERVIEW

Fort Hamilton High School is the largest comprehensive urban high school in a suburban setting and is referred to as the jewel in the crown of the Bay Ridge community. Based on the philosophy that all students can succeed, Fort Hamilton High School strives to set the standard for excellence and is a magnet program citywide for the performing arts. The school facility has experienced a renaissance: a modern science lab and state-of-the-art dance room for the Joffrey Ballet Academy. The school is replete with state-of-the-art technology including SmartBoards in every classroom, Mobile Labs, and iPad Labs.

10 10th Grade Seats Also Offered

SCHOOL OVERVIEW

“Democracy cannot succeed unless those who express their choice are prepared to choose wisely. The real safeguard of democracy, therefore, is education.”—Franklin Delano Roosevelt. To this end, we at Franklin Delano Roosevelt High School provide our students with an extensive range of academic courses and extracurricular activities. The introduction of grade-level communities provides the benefit, focus, and intimacy of a small school while still maintaining the choices, options, and diversity of a large comprehensive high school.

10 10th Grade Seats Also Offered

Eligibility: Open only to Brooklyn students or residents.

ACADEMICS

- iLearnNYC: Program for expanded online coursework and self-paced learning
- Academic Honors, Business Careers, CUNY College Now, Computer Repair, Entrepreneurship
- Freshman Honors Academy, Interdisciplinary Studies, Math/Science Academy, Microsoft Office Specialist, Mentoring, Performing Arts

PROGRAM ADMISSIONS

Program Name	Code	Interest Area	Admissions Method	Prior Year Admissions					
				Type	Seats	Filled	Applicants	Applicants Per Seat	10 th Grade Seats Offered
STEAM -Robotics/ Programming	K16A	Computer Science & Technology	Ed. Opt.	GE	125	Y	833	7	Yes – 20
				SWD	25	Y	193	8	
Eligibility: Open only to Brooklyn students or residents									
Program Description: Students will explore the field of robotic design using a variety of hands on activities. Students begin with an introduction to the tools used to create robotic devices. As they progress through the series of classes, computer programming becomes an essential and vital element. This culminates in a capstone design project and Teaching Assistant positions for students to mentor our incoming engineers. Our Robotics Academy offers opportunities for scholarships and research opportunities.									
STEAM—Environmental Studies	K16C	Environmental Science	Ed. Opt.	GE	57	Y	802	14	Yes – 5
				SWD	11	Y	130	12	
Eligibility: Open only to Brooklyn students or residents									
Program Description: This is an interdisciplinary program for students interested in understanding the natural and urban environment and environmental ethics through hands-on and project-based learning. Students will develop analytical and process skills that will prepare them for college and a career in environmental science and emerging green industries. In addition, students will explore the real-world use of hydroponics and the importance of green living. This culminates in a Capstone Project for Seniors.									

Program Name	Code	Interest Area	Admissions Method	Prior Year Admissions

Eligibility: Open only to Brooklyn students or residents									
Admissions Priorities: ❶ Priority to students who live in the zoned area—4% of offers went to this group ❷ Then to Brooklyn students or residents									
Program Description: Theater and music preparation program with courses in acting, movement, music theory, technical theater, and theater history.									
STEAM—Multimedia Design	K16E	Visual Art & Design	Ed. Opt.	GE	New Program				No
				SWD					
Eligibility: Open only to Brooklyn students or residents									
Program Description: Our mission is to prepare students for college and career opportunities in fields such as advertising, graphic arts, publishing, journalism, television, and film/theater. Courses are centered on a learning environment comprised of state of the art facilities including Mac labs, the complete suite of Adobe Creative Suite software, 3D modeling printers, Advanced Photography Laboratories, and a Black Box Theatre. There is a Capstone Project where students finalize their portfolio.									
STEAM—Science Research	K16F	Science & Math	Ed. Opt.	GE	New Program				No
				SWD					
Eligibility: Open only to Brooklyn students or residents									
Program Description: This program will allow students to explore the natural world through hands-on and project-based learning. Students will record observations, develop questions, design and conduct experiments, collect and interpret data, and propose new ideas from their conclusions. Students will have the opportunity to use multimedia to present their research articles or findings as a Capstone Project to panels of their peers in class, science fairs, research symposiums, and competitions throughout NYC.

Program Description: Comprehensive Academic Program.									

SCHOOL OVERVIEW

The Frederick Douglass Academy IV (FDA IV) Secondary School is a place of scholarship where students are considered scholars. We maintain an atmosphere of order, civility, maturity, and seriousness of purpose upheld by a set of core Twelve Non-Negotiable Rules. Our scholars are instilled with a Scholar’s Creed, adapted from the Morehouse College Students’ Creed, that reinforces the school’s cohesive culture, underscores its high expectations and builds the scholars’ sense of pride in their school and themselves.

SCHOOL OVERVIEW

Founded in 2004 and inspired by the life of Frederick Douglass, Frederick Douglass Academy VII (FDA VII) is located in the Brownsville area and built on Dr. Lorraine Monroe’s vision of academic and personal excellence for all students. The school mission involves the creation of a collaborative work environment which nurtures intellectual diversity, prepares scholars to attend an institution of higher learning, and to become active citizens in their larger communities. FDA VII is accredited by the New York State Board of Regents and chartered by the National Honor Society.

Program Description: Intensive academic program focused on English language arts, communications, mathematics, journalism, public speaking, dance, and art. College preparatory advisory in grade 10.

SCHOOL OVERVIEW

All students will graduate on time with viable college and career options. Our community uses positive reinforcement for academic excellence, attendance and effort to meet this goal. Our college and industry partnerships provide our students with opportunities to graduate with industry certifications and college credits. We are proud to be the only CTE school in the Brooklyn STEAM Center. Students are exposed to all CTE programs in the 9th grade: Computer Information Systems and Repair, Culinary, Electrical Installation and Practice, and Multimedia Internet Technology. Upon completion of a three-year course of study, they are eligible to receive a New York State Technical Endorsement in our approved CTE programs.

10 10th Grade Seats Also Offered

ACADEMICS

- CTE programs: Electrical Installation and Practice, Culinary Arts, Computer Systems (repair, networking and security) and MultiMedia.
- Industry recognized certifications: NYC Department of Health Food Handlers Certificate, CCENT (Cisco), NOCTI, NYCCER and OSHA (10 hr).
- College credit opportunities: Advanced Placement courses in English Literature, US History and World History, CUNY College Now and Pace Upward Bound.
- iLearnNYC: Program for expanded online coursework and self-paced learning

SCHOOL OVERVIEW

This is a small high school focused on arts and arts-related careers. Students collaborate on creative projects such as performances, art exhibits, poetry slams, and publications. Each semester begins with an interdisciplinary inquiry project. We use the city as our classroom, taking frequent field work trips to museums, cultural and community-based organizations, and workplaces. The advisory system ensures that all students receive personalized support and academic guidance. Internships in the arts industries such as Music, Fashion, Design, and Performing Arts offer real-world experience and contacts. Graduation is based on an academic portfolio of student work, the creation of which helps our students succeed in their future endeavors.

📄 Performance Assessment School

10 10th Grade Seats Also Offered

ACADEMICS

- Academic Portfolio required for graduation.
- Emphasis on arts and arts-related careers throughout the curriculum; Classes designed around student discussion; Advisory program
- Annual college and career fairs to expose students to post-graduate options
- Weekly class trips to arts organizations and industries to expose students to New York City’s cultural resources

Admissions Priorities: ❶ Open to New York City residents									
Program Description: We simultaneously develop students’ English and Spanish language skills through courses in Spanish literature, bilingual mathematics, English taught by native speakers, and through a project-based, interdisciplinary program emphasizing bilingual speaking and writing.									

SCHOOL OVERVIEW

Greenpoint Art and Technical High School (GATHS) offers a rich liberal arts curriculum motivated by the visual arts. With a low teacher-to-student ratio, students receive personalized guidance and support. The visual arts focus is interwoven into a strong academic program that prepares students for a wide range of careers. All students are offered the courses needed for the Advanced Regents Diploma and can receive college credits through CUNY College Now courses. GATHS’s skilled educators deepen learning by building grit, responsibility, creativity, and leadership skills among all of our students. Lastly, students participate in internship opportunities in a number of fields through artistic and academic partnerships.

10 10th Grade Seats Also Offered

ACADEMICS

- iLearnNYC: Program for expanded online coursework and self-paced learning
- All students develop film or art projects with resident and guest artists showcased at an end-of-the-year celebration
- Students participate in a three year sequence of courses that include filmmaking, storytelling, oil painting, carpentry, and computer aided design
- We also offer work-based learning program, internships, independent study and CUNY College Now course at CUNY City Tech

English Language Learner Programs: English as a New Language; Transitional Bilingual Education: Spanish

Academy of Software Engineering	L47A	Computer Science & Technology	Limited Unscreened	GE	68	N	65	1	Yes – 10
				SWD	13	N	19	1	
Admissions Priorities: ❶ Priority to New York City residents who attend an information session—100% of offers went to this group ❷ Then to New York City residents									
Program Description: The Academy for Software Engineering educates and prepares students for career opportunities in programming, database, administration, web design, robotics, and other areas in the expanding digital workplace.									
Academy of Arts and Media	L47B	Performing Arts/ Visual Art & Design	Limited Unscreened	GE	25	N	94	4	Yes – 5
				SWD	5	N	22	4	
Admissions Priorities: ❶ Priority to New York City residents who attend an information session—100% of offers went to this group ❷ Then to New York City residents									
Program Description: The Art program emphasizes drawing, painting, sculpture, printmaking, and ceramics where students develop creative problem-solving and technical skills. The Media program is designed to develop innovators in image and sound through a foundation in the culture, techniques, and processes of filmmaking. Classes will take you through all modes of film and video allowing you to shape your own artistic vision.									

SCHOOL OVERVIEW

This is a dynamic institution that provides high-quality programs that emphasize civil rights issues. Students develop skills in lyrical composition, writing, musical recording, and producing. Students perform at school functions and talent shows. Students travel to courthouses in New York and Washington DC, compete in Moot Court competitions, and serve as judges, attorneys, jurors, bailiffs, and clerks in the Academy's Youth Court. A courtroom is also available for mock trials and law-related classes. Whether your plans are to enroll in a four-year university or enroll in a law enforcement or legal training program, the High School for Civil Rights provides students with the academic background and workplace exposure needed for success.

10 10th Grade Seats Also Offered

SCHOOL OVERVIEW

We are located in Williamsburg. Our school’s partnerships with colleges, corporations, and community organizations provide students with many opportunities to work in business settings. We prepare all students to participate fully in the complex world they will enter upon graduation. School service, community service projects, and internship requirements help our students hone the skills they need to achieve excellence. We utilize a project-oriented, student-centered approach, which focuses on helping students create and reach their own goals. Using a hands-on approach, students learn to analyze information, research issues, and solve problems as productive members of society.

SCHOOL OVERVIEW

Our school enables students to develop academic and social skills necessary to be productive contributors to society. We offer a small and dynamic learning environment with many service learning opportunities, a major component of our school and student life. Our mission to perform community service is visible in our school and throughout the local neighborhoods. Students graduate with a resume of impressive credentials and experiences. They are encouraged to strive for excellence through challenging course work, medical and legal job internships, and hands-on community service experiences. We create the perfect recipe for success so that students are prepared for college and careers.

SCHOOL OVERVIEW

The High School for Service & Learning at Erasmus is a small New Century High School. Our mission is to provide educational experiences that meet the needs of our diverse student population. We build on the potential of our students, both as individuals and as valued members of our society, through a focus on culture, community, and civic engagement. With the help of peers, parents, partners, and teachers, students are empowered to become lifelong learners and agents of change, ready to make decisions and lead productive lives in a fast-paced, complex global environment.

SCHOOL OVERVIEW

We are a college pathway school designed to prepare all students to thrive in a four-year college and beyond. We offer a wide variety of Advanced Placement courses and have created an early college infrastructure that provides students the opportunity to graduate high school with a full year of college credits. Students can participate in community service and internship opportunities as well as PSAL sports teams, including our championship-winning football team. YCD students benefit from our partnerships with organizations like Replications, Counseling in Schools, StoryCorps U, Educational Video Foundation, Medgar Evers College and Brooklyn College, Bottom Line and TRIO at Brooklyn College.

SCHOOL OVERVIEW

At the High School of Sports Management (HSSM), students have an opportunity to engage in experiential learning opportunities, working with professionals in the areas of Sports Marketing, Sports Writing, Sports Media, Sports Medicine, and Sports Law. All students must adhere to a code of conduct spelled out in the non-negotiables and a strict uniform policy (white polo shirt, black slacks, and black shoes), both designed to continually reinforce the seriousness of purpose and mission of the school. Students are also required to participate in extensive after-school academic enrichment programs.

SCHOOL OVERVIEW

Our school is truly a school for the 21st century, enhancing rigorous academics in the liberal arts tradition with the most advanced technologies. Our small and ethnically diverse student body and our outstanding faculty work together to explore and maximize each student’s individual strengths. Through an incredibly rich array of programs, electives, teams, and clubs, we offer students the opportunity to find a niche and to develop into responsible and productive citizens. We are very proud that our graduates have demonstrated their ability to be successful in the finest universities in the nation. In addition to our challenging educational program, we are an exceptionally friendly school – one of the best-kept secrets in the city.

SCHOOL OVERVIEW

It Takes a Village Academy’s (ITAVA) mission is to help students gain academic skills and knowledge, promote an understanding of and respect for diverse cultures and languages, support active and responsible citizenship, and inspire in our students a lifelong love of learning and pursuit of excellence. In keeping with our three core values—communication, character and critical thinking—all students become proficient in a foreign language, participate in an advisory group focused on character development and community building, and participate in meaningful discussions and projects that engage their critical thinking and problem-solving skills.

SCHOOL OVERVIEW

We offer an innovative form of education that empowers students to make responsible decisions. Our school is comprised of six small learning communities. Our small learning communities allow teachers to work with students for enrichment, remediation, and social engagement. Students receive the individualized attention found in a small school within the setting of a comprehensive high school. Our small learning communities prepare students for a variety of career pathways and college readiness programs in core subject areas including the arts, business, and technology.

SCHOOL OVERVIEW

As a community of committed learners, John Jay School for Law cultivates a spirit of excellence in our students through rigorous academic and extracurricular activities, preparing them to engage in challenging post-secondary experiences. Through the integration of demanding support programming such as academic tutoring, personalized mentoring, and one-on-one college guidance, our goal is to help students develop their own voices by teaching them the ability to solve complex problems, think critically, and advocate persuasively for themselves and their communities.

Program Description: Program emphasizes the study of law; opportunities for mentoring, internships, and mock trial/moot court.

SCHOOL OVERVIEW

We balance arts experiences with college readiness for all students. Students take talent classes of their choice; they become musicians, singers, actors, and visual artists. Partnerships with arts organizations allow students to conduct openings at professional galleries; students co-teach STEM classes with teachers in CUNY’s PERC program; and students visit colleges starting in ninth grade through the College Bound Initiative. Students earn college credits through Advanced Placement (AP) and CUNY courses, take on leadership roles, participate in sports, participate in a variety of after-school activities, and are given the academic and social support they need to succeed in school. We value a diverse and richly talented school community.

10 10th Grade Seats Also Offered

ACADEMICS

- Visual Arts, Band, Chorus, Dance, or Theater courses culminate in an Arts Endorsed Regents diploma
- College readiness counseling provided by College Bound Initiative counselor; CUNY At Home In College English and math courses

SCHOOL OVERVIEW

Khalil Gibran International Academy (KGIA) is an International Baccalaureate (IB) school that offers students the opportunity to study the Arabic and French languages, and explore careers that require bilingual and multicultural skills such as international business, diplomacy, linguistics, journalism, and other related fields. In developing these skills, students will be well-prepared for college, careers, and positions as civic leaders in their community. Our students graduate with an understanding of different cultural perspectives, a love of learning, and a desire for excellence. We are committed to providing a challenging education where students can reach their full potential and become effective leaders in the world.

SCHOOL OVERVIEW

At Kingsborough Early College School (KECS), all students have the opportunity to earn a tuition-free Associate Degree from Kingsborough Community College (KCC) during their time in secondary school. We offer instructional supports, small class size, and access to the KCC campus as early as sixth grade. To promote higher order thinking, students learn through inquiry, enrichment, and a challenging academic program. Our focus on youth development fosters confidence and self advocacy resulting in students becoming successful adults, prepared to continue their studies.

SCHOOL OVERVIEW

The Kurt Hahn Expeditionary Learning School is a 9-12 school working in partnership with New York City Outward Bound and Expeditionary Learning Schools to arm students with the knowledge, skills, and character necessary to serve as informed, thoughtful, and courageous civic leaders in their own communities and beyond. Students at the Kurt Hahn School will enroll in a challenging standards based curriculum that readies them for successful graduation from 4 year colleges. The Kurt Hahn School emphasizes the interdisciplinary, in-depth study of compelling topics which develop students' abilities to creatively solve problems and think critically.

📄 Performance Assessment School

10 10th Grade Seats Also Offered

ACADEMICS

- Students complete Performance-Based Assessment Tasks (PBATs) as a replacement for some Regents Exams.
- New York Performance Standards Consortium: students are exempt from all but the ELA Regents exams and present four graduation level PBATs
- Twice a year, students host student-led conferences to show their best work and set goals for personal growth
- This hallmark of our school builds terrific public speaking skills and self-confidence
- Adventure Course builds school culture and promotes strong individual leadership development; a trip that alumni call, "life changing."

Admissions Priorities: 1 Open to New York City residents

Program Description: An enriching and challenging curriculum in the sciences and humanities that exceeds city and state requirements.

Selection Criteria (prior year ranges—learn more in the introduction):

- Course Grades: Math (87-100), Science (89-100)
- Standardized Test Scores: English Language Arts (2.9-4.5), Math (3.8-4.5)
- Punctuality

SCHOOL OVERVIEW

The mission of Liberation Diploma Plus High School, in partnership with CAMBA, is to develop the student academically, socially, and emotionally. We will equip students with the skills needed to evaluate their options so that they can make informed and appropriate choices and create personal goals for success. Our year-round model (trimesters plus summer school) provides students the opportunity to gain credits and attain required graduation competencies at an accelerated rate. Our partners offer all students career preparation and college exposure. Students have the opportunity to earn college credit(s). In addition to fulfilling New York City graduation requirements, students are required to complete a portfolio to receive a high school diploma.

-  Transfer School
-  10th Grade Seats Also Offered

Eligibility: Current 8th Grade Students—open only to students who are at least 15 ½ years of age and entering high school for the first time. Other Students—open only to students who are at least 16 years of age and have attended another high school for at least one year.

 The Learning to Work (LTW) program assists students in overcoming obstacles that impede their progress toward a high school diploma. LTW offers academic and student support, career and educational exploration, work preparation, skills development, and internships that prepare students for rewarding employment and educational experiences after graduation. These LTW supports are provided by a community-based organization (CBO) partner.

Admissions Priorities: 1 Priority to New York City residents who attend an information session—81% of offers went to this group 2 Then to New York City residents

SCHOOL OVERVIEW

We prepare students for college, healthy adulthood, and lifelong learning. As an NYS Performance Standards Consortium school, students are exempt from taking all Regents exams except the ELA for graduation. Instead, students present final Performance Based Assessment Tasks (PBATs). Ninth and tenth grade students participate in roundtables where they present a final piece of work to staff, families, and visitors in small groups. Eleventh and twelfth grade students complete semester-long projects in a given content area. All students have an advisor and are offered elective classes to pursue their individual academic interests. We offer courses taught by visiting artists and a physical wellness program, including sports, fitness, and dance.

📄 Performance Assessment School

10 10th Grade Seats Also Offered

ACADEMICS

- iLearnNYC: Program for expanded online coursework and self-paced learning
- Students complete Performance-Based Assessment Tasks (PBATs) as a replacement for some Regents Exams.

SCHOOL OVERVIEW

Our students take challenging courses that include four years of English Language Arts (ELA), mathematics, science, and technology and three years of a foreign language. Students complete at least one Advanced Placement (AP) course. Students sit for College Board examinations related to each AP course. Students also enroll in college courses and research internships at Medgar Evers College, City University of New York (CUNY) in the 11th grade and earn up to 15 college credits each semester. Student creativity, character development, and social responsibility are cultivated through individualized guidance, college advisement, athletics, clubs, fine and performing arts events, community service, and mentorships.

SCHOOL OVERVIEW

Metropolitan Diploma Plus High School is a learning community where adults are committed to supporting students’ potential as they reconnect to education and embark on paths filled with opportunity. Through collaboration with New York City Mission Society, students can participate in real-world experiences that provide challenges, knowledge, choice, and positive outcomes. Students engage in learning experiences to improve college and career readiness skills. Youth development and leadership play an important role as students re-engage in high school.

SCHOOL OVERVIEW

The mission of Millennium Brooklyn is to create a rigorous academic program based on literacy infusion, the development of critical thinking skills, and project-based learning. We aim to prepare graduates for a college of choice and post-secondary options, empowering students through the setting and reaching of goals. In addition to a strong course sequence, our school partnerships provide students with additional opportunities for academic challenge. Partners are involved in curriculum development, extended day program, and parent support and outreach. Partnership involvement facilitates a community-centered environment and provides a range of learning experiences.

SCHOOL OVERVIEW

Our school is dedicated to helping English Language Learners (ELLs) develop their English proficiency. We believe that mastery of the English language is essential for college and work. Students are offered additional training in English as a New Language, technology, and other subjects during our extended day program and on Saturdays. Classes are designed to prepare students to meet graduation requirements and the challenges of college and career. Supportive teachers will assist students as they meet their academic potential and become well-rounded, productive members of society. Newcomers are welcome.

-  School for New Arrivals
-  10th Grade Seats Also Offered

Eligibility: Open only to New York City residents who have lived in the United States three years or fewer, whose home language is Spanish and who are of limited English proficiency.

■ SCHOOL OVERVIEW

The mission of the Nelson Mandela School for Social Justice is to create life-long, socially conscious leaders who use education as a powerful tool to change the world. All work within our community is guided by our core values: service, perseverance, leadership, respect, and reflection. We explore social justice themes through a challenging and engaging academic curriculum as students develop critical thinking, analytic, and problem solving skills. Service learning, collaborative projects, travel abroad, and internships will prepare our students for the demands of college and careers, and define their purpose and responsibility as global citizens.

■ ACADEMICS

- Culturally relevant practices; Blended instruction with both teacher-led classes and use of digital resources
- Real-world problem-based learning; Student choice on elective courses; CORE advisory program focused on personal and social development
- Mentoring; Rites of passage experiences; College and career counseling starting in ninth grade; Internships; College-level courses in upper grades

English Language Learner Programs: English as a New Language

Language Courses: Spanish

■ ACTIVITIES

Proposed extracurricular activities include: Social Justice, Dance, Debate Team, Drama, Internship and Service Learning Opportunities, Literary Journal, Open Mics, Photography/Film, Poetry Slams, Peer Mediation, Readings, School Newspaper, Student Council, Digital Media

SCHOOL OVERVIEW

Origins High School prepares students for success in college by building on strengths and being attentive to individual needs. We make it a priority to know our students and their families through our advisory program. Our inquiry-based curriculum asks students to develop questions, conduct research, and prepare in-depth projects that exhibit their learning. Origins’ challenging liberal arts education is grounded in small group work, reading analysis, and an emphasis on writing. Students present portfolios of work to panels of teachers and community members twice a year. At Origins, our students graduate as active, confident learners, and problem-solvers.

10 10th Grade Seats Also Offered

SCHOOL OVERVIEW

We believe that students learn best in a diverse and integrated environment where they can compare what they think with the knowledge of adults and their classmates. Students learn to read, write and think critically, debate, and develop new knowledge and ideas. Through CUNY’s PERC program, peer tutors work alongside teachers in algebra, living environment, and chemistry classes. Students in every grade can participate in writing and theater workshops with the Atlantic Theater Company teaching artists. Social studies teachers engage students in projects and seminars culminating in our Senior Brooklyn History exhibit. Weekly Circles of 10-15 students and one faculty create the community and camaraderie essential to a truly integrated school.

ACADEMICS

- Eleventh and Twelfth Grade Physics, Chemistry, Computer Programming, Calculus, Brooklyn History, Guitar Ensemble, Studio Art, Spanish Film, College Advisory
- Four years of Science and Math
- Senior English and Brooklyn History have both received the DOE designation as college preparatory courses
- Full-time college counselor who guarantees that all students apply to a variety of colleges and receive support with financial aid applications

SCHOOL OVERVIEW

At Pathways in Technology Early College High School (P-TECH), students drawn to future careers in information technology (IT), computers, engineering, math, and science receive individualized support in preparing for and securing an entry-level position in the highly competitive IT industry. As a founding partner of the school, IBM (and other corporations) will provide all students with internship and training opportunities, exposing them to real-world technology careers. In addition, P-TECH students are able to earn an Associate degree or up to two years of college credit from CUNY’s New York City College of Technology – at no cost – while still in high school.

SCHOOL OVERVIEW

Students are provided with a comprehensive education that includes performing arts, technology, and Advanced Placement (AP) courses. Our school supports and develops the talents of students through dance, drama, and instrumental and vocal music. We offer graphic and webpage design and CISCO Certification Training. We build partnerships with the professional performing arts community, institutions of higher learning and other organizations to provide opportunities for internships or college-level study: Brooklyn College, Medgar Evers College, Syracuse University, SAGA Innovations, the Step Up program, the Leadership Organization, and Hip Hop 4 Life. Our clubs and teams develop leadership capacity in all members of our school community.

SCHOOL OVERVIEW

In partnership with CAMBA, Professional Pathways High School is a small school dedicated to educating and motivating students in an alternative setting through a personalized approach to learning and development. The school's mission is to support the academic and social needs of students through strong partnerships between all members of the school community, re-engaging students academically through Project-Based Learning with an emphasis on post-secondary readiness and literacy, and building college/career readiness through computer literacy and career exposure. We will ensure that each student graduates with clearly articulated goals and a plan for postsecondary success.

-  Transfer School
-  10th Grade Seats Also Offered

Eligibility: Current 8th Grade Students—open only to students who are at least 15 years of age and entering high school for the first time. Other Students—open only to students who are at least 16 years of age and have attended another high school for at least one year.

ACADEMICS

- Professional Pathways offers Learning to Work (LTW) services, including Internships, Computer Skills Courses, Career Development Courses, College Trips, Museum and Theater Visits, Group and Individual Counseling, and College Preparation Counseling
- The LTW program assists students in overcoming obstacles that impede their progress toward a high school diploma. LTW offers academic and student support, career and educational exploration, work preparation, skills development, and internships that prepare students for rewarding employment and educational experiences after graduation. These LTW supports are provided by a community-based organization (CBO) partner.
- The LTW partner for Professional Pathways High School is CAMBA.

SCHOOL OVERVIEW

PROGRESS High School for Professional Careers is a rich, multi-faceted academic gem with a legacy of academic, athletic, and social excellence. Young men and women learn the art of succeeding in life and hone their leadership skills while experiencing the rewards of collaboration. Our mission is to educate the whole person for life. The mission is supported by an environment that nurtures a belief in the goodness of one another, community building, extracurricular programs, and a commitment to global justice through outreach and service to others in need. College and careers are integrated into all curricula and intensive guidance is provided to every child with the focus on professional careers of the 21st century.

10 10th Grade Seats Also Offered

SCHOOL OVERVIEW

We offer a challenging academic curriculum that emphasizes classical literature, academic writing, technology, and self-expression through the performing arts. Our students have the opportunity to master all aspects of performing arts production, including acting, public speaking, stage production, costume design, set design, lighting, production management, and marketing. SMART Boards and student laptops are used in daily instruction. The bi-weekly advisory/college readiness program allows students to work collaboratively and develop strong communication skills. Students attend classes in our fully equipped, state-of-the-art science, and computer labs, which they can also access after school.

10 10th Grade Seats Also Offered

ACADEMICS

- Performance major: Acting-movement and voice; Students explore theatrical literature and work on ensemble building and public speaking skills
- Production major: Technical theater design and management
- Dance major: Training, history, and techniques of dance culminating in a dance portfolio
- Science Research, Music, Common Core English, Storytelling, Honors English, Honors History, Health, Survey of African-American Literature, Advisory
- Students participate in theatrical productions throughout the school year.

Program Description: Students gain artistic confidence by engaging in and learning about technical theater, stagecraft, designing and creating scenery, costume design, lighting, make-up, special effects, and basic drafting skills. Students actively participate in preparing the school's main stage productions.									

SCHOOL OVERVIEW

This is a sixth through twelfth grade school that cultivates strong leaders and learners in our world. Our students have opportunities for internships, mentorships, college exploration, and student governance, supported by various partnerships. We emphasize student choice, parent and community participation, and the development of personal potential through student government. At Town Hall meetings and Change Projects, students work toward transforming a part of their community. Students take what they learn far beyond the school’s halls – to college, their communities, the city, and their future careers. They will be a positive force in the world, capable of influencing change and contributing constructively to democracy in our society.

SCHOOL OVERVIEW

Our school serves 500 students in grades six to twelve. With the implementation of the International Baccalaureate (IB) philosophy and framework, we support learning for all students. We are a community of enthusiastic educators with tight-knit grade level and department teaching teams. Our small class size (usually 22-25 students) helps students master their coursework. They graduate as socially conscious leaders, equipped with the intellectual tools and academic and critical thinking skills necessary to make meaningful change in today’s dynamic, interdependent world. Our full-time college advisor and our guidance counselors assist all students in planning for college and the world of work.

10 10th Grade Seats Also Offered

SCHOOL OVERVIEW

Our mission is to guide students to become critical thinkers, independent learners, and productive citizens. Founded in 1996, we are a school in which students’ voices are heard, character is developed, excellence prevails, and parents are our partners. Using critical thinking skills, technology, and reading and writing skills, our students investigate and explore educational and career opportunities in the legal field. The families of our students are actively engaged in our culture and are encouraged to chaperone our students on overnight and weekend trips such as college tours and historical sites of interest.

SCHOOL OVERVIEW

Science, Technology and Research Early College High School at Erasmus (STAR) is a small Early College Network school. Our dynamic team of high school teachers and Brooklyn College professors are eager to prepare students interested in science, mathematics, and technology for college and the world of work. With our partners, we offer a range of challenging academic courses that give students first-hand exposure to the demands of high school and college by using field-based and hands-on methods of instruction. Students use the rich resources on the Brooklyn College and other City University of New York (CUNY) campuses as their learning laboratories. In addition to their high school diploma, students may earn 30 or more college credits.

- ♥ Early College School
- 10 10th Grade Seats Also Offered

ACADEMICS

- CTE program(s) in: Scientific Research and Engineering

SCHOOL OVERVIEW

Students at Secondary School for Journalism (SSJ) recognize that 21st century learning must reflect the technological innovations of our time. We are striving, as critical consumers of media and technology, to generate thoughtful and responsible written communication on all digital platforms. Through productive dialogue, we engage in authentic problem-solving and project-based learning, utilizing reading, writing, and technology to build the skills and knowledge necessary to ensure a competitive edge as we apply to college, enter the work force, and become responsible members of our society.

10 10th Grade Seats Also Offered

ACADEMICS

SCHOOL OVERVIEW

This is a small 6th through 12th grade school where student focus on their academic and creative work. We offer project-based learning that challenges students to question, discuss, collaborate, and solve problems. We incorporate the arts, critical literacy, and technology in all subjects. Every classroom is equipped with Smartboards, Document Cameras, and multiple computers so our students are developing 21st century technology skills in every class. We believe that the key to achievement is to not only involve our students, but also their families—parents appreciate our focus on collaboration and communication and they can expect regular contact with our school.

SCHOOL OVERVIEW

Sunset Park High School is a diverse and inclusive school that prepares all students for post-secondary options and the challenging demands of a changing world. Our school is divided into three small learning communities for grades 9-11 that use teams of teachers to provide personal attention, including advisory, to each student. Daily instruction builds foundational skills while focusing on the habits of critical thinking necessary for success in college and beyond. Our school is committed to college readiness, parent engagement, and community involvement.

SCHOOL OVERVIEW

We create, promote, and foster a learning environment that enables students to reach their full potential. We focus on individual growth, enabling students to develop a solid academic background required for post secondary education as well as the background in career and technical skills essential to succeed. We provide the necessary resources for students to achieve these goals while remaining accountable to all constituents for excellent educational practice. We accomplish this by partnering with students, parents, community members, and staff into a binding educational contract which acknowledges a collaborative effort by all.

Program Description: Students are trained in digital literacy, which includes basic computer skills such as hardware and software, Microsoft Office, internet connectivity, and network setup. Students are prepared to obtain an entry level IT Helpdesk position at the completion of the course. At the completion of the program students are offered multiple industry-recognized certifications.									

SCHOOL OVERVIEW

All students graduate equipped with the knowledge, skills, and personal choices to pursue college and professional careers in public service. Our graduates serve as public ambassadors who take action in their community, city, and nation. We are a proud AVID school that offers a variety of college level classes beginning in ninth grade. Students enjoy our partnerships with the Justice Resource Center (JRC), Momentum Teens, and several colleges. Students in all grades attend CUNY College Now and Smart Scholars classes after school and on weekends. Students in all grades participate in moot court and mock trial at Fordham University. Our goal is to extend these offerings to 80 to 110 students annually by 2017.

ACADEMICS

- CTE program(s) in: Law and Public Service
- Intro to Law, Criminology, Constitutional Law, Criminal Justice, Mock Trial, Legal Research & Writing, Alvin Ailey Dance, Music & Visual Arts Program.
- Electives in Law, Business and Community Activism, Daily Advisory Classes, Weekly Town Hall Meetings

SCHOOL OVERVIEW

The Urban Assembly School of Music and Art prepares students for college and the world of work. Our program integrates literacy and the arts into all aspects of our instructional program. Students learn to be critical thinkers and creative communicators. They learn to process and analyze complex information, view information in context, connect it to prior learning, and convey their ideas in a purposeful and convincing manner. Our program capitalizes upon our students’ love of the arts and their desire to engage in self-expression. We create an environment where students understand the practical relevance of their learning to be able to fulfill their visions for the future.

SCHOOL OVERVIEW

Through a single-sex environment, our school leverages our nurturing atmosphere to foster achievement in math, science, and technology. Our college-preparatory curriculum simultaneously develops students’ social-emotional learning skills while providing intellectual challenges. Our rich network of partners have internship opportunities that connect our students with role models and mentors who inspire them to challenge their self-perceptions and counter cultural stereotypes of women in math and science. Our after-school programs provide unique opportunities for students to explore their interests in fields involving math and science. UAI graduates possess the required skills and knowledge leading to college graduation and STEM careers

SCHOOL OVERVIEW

As a CTE school, we prepare students for college and careers with a broad and deep focus on unique pathways. Coursework is as challenging as it is supportive, with a strong emphasis on cross-curricular and project-based learning, including community action projects focused on health issues in New York City. As a member of the highly successful Urban Assembly network of schools, UASCH features strong partnerships with top-tier healthcare facilities that work closely with staff to bring timely healthcare topics into the classroom and expose students to modern healthcare facilities. Graduates will be ready to serve any number of critical roles in the increasingly collaborative field of healthcare.

10 10th Grade Seats Also Offered

ACADEMICS

- CTE program(s) in: Health Science
- CTE healthcare focus with three career pathways: Business of Healthcare, Clinical Healthcare, Public Health
- Regents prep curricula; Rigorous project-based instruction

SCHOOL OVERVIEW

The Urban Assembly School for Criminal Justice (UASCI) is an all-girls school that prepares students for college and the world of work, teaching them the content and skills necessary for future success. We help develop the work habits and study skills that promote academic achievement. Students are also encouraged to participate in the many after-school and extracurricular activities we offer as they are integral to future educational and work success. As an all-girls school, our students are part of a tight-knit, diverse community and they benefit greatly from our small size and unique personal attention.

SCHOOL OVERVIEW

The Urban Assembly School for Law and Justice (SLJ) offers a challenging academic program with an emphasis on law and justice. We offer a nationally recognized college and career readiness curriculum. Through integrated partnerships, supportive relationships, and rigorous course-work, students develop strong communication skills and an understanding of the role law plays in society. SLJ students participate in the democratic process through Student Council, Town Hall meetings and Youth Court. SLJ graduates are strong readers and writers who think critically, work cooperatively, and question constantly. Families and community members stay involved through an open door policy, frequent home contact by advisors, and monthly family events.

SCHOOL OVERVIEW

We provide a challenging academic program that fosters self-awareness and strong work habits. Our graduates are prepared for higher education and careers. We provide opportunities for students to share ideas with each other, the staff, and the community. Our students participate in project-based learning and demonstrate mastery through academic portfolio assessment. The advisory program offers students an opportunity for personal development and academic growth while building close relationships within the school community. Our staff makes every effort to know each student and family well through small class sizes and a personalized approach to education which provides a structure for success.

■ SCHOOL OVERVIEW

Williamsburg High School for Architecture and Design (WHSAD) offers a unique four-year sequence focusing on architectural drafting, computer-aided design (AutoCAD), and design principles. Our hands-on approach to architecture, design, and the visual arts integrates college prep, internship experiences, and skills training throughout core academic disciplines, providing students with the requisite education to succeed in the 21st century workplace. Partnerships with local businesses and apprenticeships provide students with opportunities and interactions with professionals. Students can earn a CTE-endorsed diploma in Architectural Drafting and CAD, and up to six college credits, upon graduation.

■ ACADEMICS

CTE program(s) in: Architecture and Design

As part of our studio and portfolio requirement, students are challenged to create working prototypes of their designs

This course of study has made our students highly desirable for paid internship positions with industry partners

Opportunities to participate in ACE mentoring, SkillsUSA, and CUNY College Now

English Language Learner Programs: English as a New Language

Language Courses: Spanish

Advanced Placement (AP) Courses: Calculus, Environmental Science, Human Geography, Spanish

Diploma Endorsements: CTE

■ ACTIVITIES

Students organize to establish clubs that interest them, such as: Video Game, Architecture, Photography, Peer Tutoring, and Skateboarding Club. WHSAD invites honor roll students to free incentive field trips at the end of each academic term, including court-side seats to a Brooklyn Nets game, ice skating at Central Park, and Broadway plays and musicals

PSAL Sports—Boys: Baseball, Basketball, Cross Country, Handball, Indoor Track, Outdoor Track, Volleyball

PSAL Sports—Girls: Basketball, Cross Country, Flag Football, Indoor Track, Outdoor Track, Softball, Volleyball

School Sports: Cheerleading, Co-ed Soccer Club, Dance, Girls Flag Football, Step

■ PERFORMANCE

93% of students graduate in four years

56% of students enroll in college or career programs

92% student attendance

98% of students feel safe in the hallways, bathrooms, locker room, and cafeteria

97% of students feel that this school offers a wide enough variety of programs, classes, and activities to keep them interested in school

Search 14K558 at schools.nyc.gov/accountability for more about this school's performance.

Program Description: Introduction to architecture, design, engineering, and historic architectural preservation. Students participate in paid professional internships and college portfolio review.

SCHOOL OVERVIEW

Williamsburg Preparatory High School is a small school with a big mission. We take ordinary kids and get extraordinary results. We provide a college preparatory education that focuses on supporting the whole child. Our school is built on 4 SHIPS: relationship, citizenship, leadership, and scholarship, and students are given individual attention to meet the expectations of these SHIPS. During 9th and 10th grade, students learn the skills necessary to be successful in high school, and take a majority of their Regents exams while being regularly exposed to a Common Core aligned curriculum. 11th and 12th grade students concentrate on college preparatory courses to prepare them for the next stage of their life.

10 10th Grade Seats Also Offered

SCHOOL OVERVIEW

The Young Women’s Leadership Schools (TYWLS) were established to nurture the intellectual curiosity and creativity of young women by supporting the “whole girl” in order to maximize academic achievement, social and emotional well-being, and post-secondary success. TYWLS is supported by Young Women’s Leadership Network and its CollegeBound Initiative in order to replicate the best practices of private and independent girls schools. TYWLS of Brooklyn opened in 2008 as the fifth school in the network. TYWLS strives to instill in students a sense of self-efficacy and community responsibility, characteristics which will support them as they become the leaders of the next generation.
